# Which Product is Right for You?

## Operator Stand - Top or Side Mount

- Easy maintenance and inspection access
- 304 stainless steel or aluminum construction
- Highly visible colored placard designs
- Functional/ergonomic grouping of pump/engine controls
- Multiple crosslay designs available
- Floating module configuration eliminates chassis stress transfer
- Custom hand controls with comfortable grip
- Brushed stainless or LINE-X coating options

## Fully-Engineered Plumbing Design

- 3-D modeling utilized for design and FEA analysis
- All plumbing is standard 304 stainless steel construction
- Majority of stainless steel pipe utilizes belled-end joint design
- Belled-end overlapping fittings increase integrity of entire system
- Integral usage of Victaulic connections aids in maintenance and increases lifetime durability
- Akron, Elkhart, and Waterous direct and in-line valves

## Premier options for fire fighting and rescue operations.

## Multiple Compartment Configurations are Available on All Apparatus to Maximize Storage Space

- Hinged or Roll-Up doors
- Air bottle fender compartments
- Tool boards & custom bins
- Adjustable shelves
- Divider walls & pegboard
- Roll-Out trays
- Dri-Dek, Turtle Tile, Slatted alum. floors
- Sweep-Out floor design

## Gauge Offerings

- Liquid or Dry Flutter-Proof Pressure Gauges
- Ashcroft or Class 1 2.5", 3.5", 4.5" and 6" Gauges
- FRC TankVision LED Tank Level Gauge with 180° lens
- Class 1 ITL-40 LED and Intelli-Tank
- Backlit Gauges and Flowmeters optional

## Dump Chutes

- Manual
- Electric

## Water Tanks

- Poly construction
- Lifetime warranties
- T-Shaped or rectangular
- L-Shaped for low hosebed access

## Foam Systems

- Fully-Engineered eductor, direct injection, and Compressed Air Foam System (CAFS)
